

Xiamen Faratronic Co. Ltd., is the leading professional manufacturer of Plastic Film Capacitors in China

Annual production capacity in 2007

- 3,2 billion piece of plastic film capacitors
- 1.600 tons of Metallized plastic films

No. 1 in China & No. 3 in the world

Advanced R&D center

- Large scale area for Laboratory and first-class testing equipments
- Annual investment in R&D center is accounting for 5% of total sales revenue in Faratronic

Qualified technical service team

- 610 Engineers and technicians, according for 29% of the staff, engage in R&D and technical administration of plastic film capacitors and materials
- Tailor made products for customers

Short lead time

7-15 days, for product with forecast

Quality Assurance

- ISO9002
- ISO9001-2000
- ISO14001:2004
- OHSAS18001:2001
- TS16949:2002

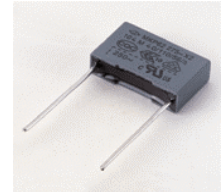

Product range

Interference suppression capacitors

Y2 / X1 Series: MKP63

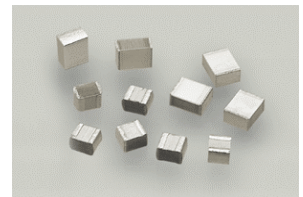

X1 Series: MKP64, MKP65, MKP66

X2 Series: MKP62, MKP61R

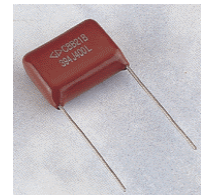

SMD capacitors

Series: CLN51, CBS52

Polyethylene naphthalate capacitors

Series: CLN21

Polyester capacitors

Series: CLN23B, CL25, CL23, CL21X,
CL21, CL20, CH11, CL11

Polypropylene capacitors

Series: CBB81A, CBB81B, CBB81, MMKP82,
MMKP84, CBB21A, CBB21B, CBB21,
CBB13, CBB20, CBB11, MKP21, MKP25

To the well-known manufacturers technically and concerning the price competitively

Xiamen Faratronic Co., Ltd

Gladly we put samples and/or folder material to you on request
